What is it?

Tool libraries loan tools just like traditional libraries loan books. This is not a rental service. Becoming a member and borrowing tools are free for anyone in the service area.

Portland is home to several independent tool libraries. Use this map to find yours, and consider volunteering or donating to support this valuable community resource.

Contact your neighborhood tool library for details on donations, membership, or tool selection.
For questions about this map or starting a **new library**, email allPDXtools@gmail.com
